

Each issue of *TME* will include:

- **Engineers in Action:** spotlights the many accomplishments of military, civilian and contract engineers deployed overseas in such war-torn nations as Iraq and Afghanistan. Each piece is a four-color photo essay depicting the important work our members are performing in foreign lands.
- **Historical Perspective:** highlights engineering-related issues and topics from the past, as excerpted from previous *TMEs*.
- **Leader Profile:** provides in-depth interviews with A/E/C industry leaders. These movers and shakers will tell what it takes to be successful in business as well as what trends and technologies will help shape the industry.
- **Special Insert:** provides in-depth information on specific topics that are of interest to SAME Members and *TME* subscribers.

Issue (month)	Main Theme	Special Report	Leader Profile	Engineers in Action	Historical Perspective	Special Insert	Deadline
Jan./Feb.	Environmental Engineering <i>TME</i> will cover the environmental engineering aspects of BRAC and privatization, munitions response and operational range sustainment, environmental management systems (EMS), community involvement, analytical environmental testing and data quality, and environmental information systems and geospatial intelligence.	AFRICOM, Guam and Korea Relocation The U.S. military's international presence is changing to respond to the new National Security Strategy. This Special Report will focus on the increased attention on humanitarian efforts in the Africa Command as well as basing in Guam and the relocation of U.S. Forces in Korea.	✓	✓	✓	Sustainability in the Uniformed Services	Article Proposals: Sept. 30, 2008 Manuscripts Due: Oct. 31, 2008 Ads Close: Dec. 1, 2008 Ad Materials Due: Dec. 3, 2008
March/April	Readiness and Homeland Security <i>TME</i> will focus on the roles, activities and efforts of DOD, federal agencies and private-sector A/E/C professionals and companies in enhancing our nation's emergency preparedness, protection and response, and in safeguarding our homeland through anti-terrorism and force protection efforts in accordance with the <i>National Response Framework</i> and the <i>National Infrastructure Protection Plan</i> .	Engineer Support to Contingency Operations <i>TME</i> will look at solutions to short-term building and infrastructure needs, such as modular buildings and provision of water and wastewater treatment in time-sensitive efforts, as well as other engineer support to deployed forces, disaster and humanitarian response efforts, and the rebuilding of war-torn nations.	✓	✓	✓	The Infrastructure Security Partnership (TISP)	Article Proposals: Nov. 14, 2008 Manuscripts Due: Dec. 19, 2008 Ads Close: Feb. 2, 2009 Ad Materials Due: Feb. 4, 2009
May/June JETC 09 Show Book	Sustainability <i>TME</i> will delve into sustainability as a means of meeting the needs of the present without compromising the ability of future generations to meet their own needs. Focus will be placed on the built environment, water, ecosystems and agriculture, energy and the environment, and materials and toxics with a direct correlation to military engineering efforts.	Engineering Service FY10 Programs <i>TME</i> will present the FY10 programs of the uniformed services including USACE, USAF, NAVFAC, USCG, USPHS and the U.S. Army Installation Management Command. <i>**This issue is the official Show Book of the SAME 2009 Joint Engineer Training Conference & Expo, May 12-15, in Salt Lake City, Utah.</i>	✓	✓	✓	SAME National Conference Highlights w/ Award and Medal Winners	Article Proposals: Feb. 2, 2009 Manuscripts Due: Feb. 27, 2009 Ads Close: April 1, 2009 Ad Materials Due: April 3, 2009
July/Aug.	Water Planning & Management <i>TME</i> will spotlight projects and efforts of private companies, the U.S. Army Corps of Engineers and other government agencies to strengthen our nation's water and wastewater infrastructure, flood control, beach erosion control, inland waterway systems, and ports and harbors.	Federal FY10 Programs <i>TME</i> will present the FY10 programs of federal agencies that focus on construction and environmental programs, such as the departments of Energy and State and the General Services Administration. <i>**This issue will be distributed at the USACE Infrastructure Systems Conference in July 2009.</i>	✓	✓	✓	K-12 Outreach	Article Proposals: April 1, 2009 Manuscripts Due: May 1, 2009 Ads Close: June 1, 2009 Ad Materials Due: June 3, 2009
Sept./Oct.	Asset Management Asset Management (AM) has broadened the traditional practice of facility management to encompass the entire lifecycle management of facilities and infrastructure including energy conservation, utility management, building maintenance and repair, building security, janitorial and other building operations, transportation, real estate and leasing, master planning, space planning, new technologies and service contract best practices. <i>TME</i> will highlight AM issues facing the uniformed services and DOD market.	Energy DOD's efforts to conserve energy and develop alternative fuels and energy sources will be the focus of this Special Report. <i>**This issue will be distributed at the IFMA World Workplace in Orlando, Fla., Oct. 7-9, 2009, and the CMAA National Conference in Orlando, Fla., Oct. 25-27, 2009.</i>	✓	✓	✓	Professional Certification & Licensure	Article Proposals: May 30, 2009 Manuscripts Due: June 27, 2009 Ads Close: Aug. 3, 2009 Ad Materials Due: Aug. 5, 2009
Nov./Dec.	Design & Construction <i>TME</i> will cover methods and best practices for design and construction of military and civil works facilities and infrastructure including new technology; design-build and other alternative delivery methods; bonding and insurance; and safety.	Master Planning This <i>TME</i> Special Report will cover the installation planning efforts of DOD agencies as they develop frameworks by which future planning decisions are made with regard to facilities, infrastructure and environmental resources, including achieving "sustainable installations."	✓	✓	✓	DOD Planning & Programming Primer	Article Proposals: July 31, 2009 Manuscripts Due: Aug. 31, 2009 Ads Close: Oct. 1, 2009 Ad Materials Due: Oct. 2, 2009
